Motivated and detail-oriented Computer Science student with a strong foundation in programming, algorithms, and software development. Experienced in multiple programming languages including Python, Java, and C++. Passionate about solving complex problems, improving system efficiency, and contributing to impactful projects. Proven ability to collaborate in team environments and thrive in fast-paced, deadline-driven settings. Eager to apply academic knowledge to real-world software development and data analysis challenges.

2024 - 2025

Way Forward
(Study Center)

Artificial Intelligence(AI)

Artificial Intelligence (AI) involves the creation of machines and software that can perform tasks typically requiring human intelligence, such as problem-solving, learning, and decision-making. It encompasses technologies like machine learning, natural language processing, and computer vision.

EXPERIENCE

2024 - 2025

Way Forward

Web Designer

A passionate web designer with hands-on experience in designing and developing responsive, visually engaging websites. Proficient in HTML, CSS, JavaScript, and front-end frameworks, ensuring cross-platform compatibility and smooth user experiences. Skilled in using design tools such as Adobe XD, Figma, and Photoshop to create clean, modern layouts. Strong understanding of UX/UI principles to enhance usability and user satisfaction. Proven track record of working collaboratively with clients to meet their design needs and deliver high-quality websites on time.
